

Latin American Assignments

Mexico

- Environmental Audits of Refining & Petrochemical Complexes (2 Studies)
- Low-Sulfur Gasoline Project Review
- FEED Scope & Cost Estimate Review: Chlor-Alkali Facility

Central America

Guatemala

- FS: Solid Fuel Power Plant

Panama

- FS: Refinery Project

Colombia

- Technical Alternatives Screening: Petroleum Coke
- FS: Power Generation Study
- ITC: Cartagena Refinery

Ecuador

- Options Evaluation: Crude Oil Processing
- MS: Refined Products
- Refined Products MS & Master Plan Development

Venezuela

- Outlook for White Oils & Aliphatic Solvents
- ITC: Heavy Crude Upgrader Project
- ITC: Ammonia-Urea Facility
- Technical DD: Fertilizer Project
- FS: Grassroots Extra Heavy Oil Upgrading Facility
- Extra Heavy Oil Recovery Study

Peru

- MS: Methanol
- Heavy Oil Analysis
- Capital Cost Estimate Review: Ammonium Nitrate Plant

Legend:

| | |
|-----|----------------------------------|
| ITC | Independent Technical Consultant |
| IMC | Independent Market Consultant |
| DD | Due Diligence |
| MS | Market Study |
| FS | Feasibility Study |
| CS | Configuration Study |

Brazil

- DD: Electric & Natural Gas Assets

Chile

- FS: H₂ & Steam from Biomass
- DD: Electric & Natural Gas Assets
- Facility Review: Biomass-to-Fuels Project

Argentina

- IMC: Gas-to-Liquids Project
- ITC: Ammonia-Urea Facility
- Tail Gas Utilization Study
- Technology Survey: CO₂ Recovery
- CS: Greenfield Refinery
- Technical Review: Emasgud Pipeline Project
